Dear Red Raiders,

One of the greatest benefits of the on-campus collegiate experience is the ability to form friendships and lifelong connections. Over the last few months, we have all come to realize just how important those connections truly are.

When you arrive on campus this fall, we are going to make every effort to present the unique Texas Tech experience in a manner that protects your health and safety. There are over 500 student organizations at Texas Tech, and we encourage you to get involved and participate in the many aspects of our vibrant campus life. Taking an active role in our campus community will help you build leadership and teamwork skills, both of which are critical for your future success.

I hope that you are staying well, and I look forward to seeing you on campus very soon.
