

TEXAS TECH UNIVERSITY

Office of the President

April 18, 2017

**Dear Texas Tech University System Board of Regents,**

Texas Tech University continues to experience impressive growth in our enrollment, research funding, facilities, and quality of our students. We enjoyed an impressive 2016 and have carried the momentum from our successes into this calendar year. I invite you to take a moment to see why Texas Tech University is a great university with an even brighter future.

[2016 Texas Tech University President's Report](#)

We began 2016 with inclusion in the elite group of 115 doctoral institutions in the Carnegie "Highest Research Activity" category. It was a record year for enrollment, retention, and research expenditures. Philanthropic giving totaled \$105M and included the naming of a college. We completed construction and naming of an engineering research facility, and are progressing with construction of a new Honors dormitory, a second experimental sciences building, and a world-class indoor football, track and field facility.

We look forward to the accomplishments that 2017 will bring.

Sincerely,

A handwritten signature in black ink that reads "Lawrence Schovanec".

Lawrence Schovanec  
President
