Texas Tech University has taken on numerous initiatives to ensure the safest possible environment for the campus community. We highly encourage all campus community members to be aware of their surroundings and report any suspicious behavior. If you see something, say something. To report a concern, please contact the Texas Tech Police Department at (806) 742-3931 or visit [Raiders Report Online Reporting System](#). Campus safety and security is only truly achieved with participation from the entire campus. We appreciate your attention to this crucial matter.
