Re: Promotion of Noel Sloan to Senior Vice President

I am pleased to announce that Noel Sloan, who currently serves as Vice President of Administration and Finance and Chief Financial Officer, is being promoted to the position of Senior Vice President in her current role. Over recent months Noel has taken on several new responsibilities that include overseeing the Police Department and Emergency Management Services, which includes the Fire Marshal. In addition, she continues to oversee the Finance division, Business Services division, Auxiliary Services division, and Operations division. She also has an active role in ongoing strategic planning related to campus land development and serves on the Boards of the Texas Tech Research Park and Texas Tech University-Costa Rica. Beyond the breadth of her responsibilities, she has provided exemplary leadership in helping Texas Tech address the many challenges associated with COVID-19, including those that have impacted finance, campus health, and general operations.

Please join me in congratulating Noel and thanking her for her outstanding service to Texas Tech.
