

TEXAS TECH UNIVERSITY

Office of *the* President™

Dear Red Raider Family,

Today, we celebrate the 100th birthday of Texas Tech University. Our people have made Texas Tech a special place for generations of Red Raiders, and on our foundation of shared values and accomplishments, we have even greater aspirations for the future.

Our university has grown as our state has grown, fueled by loyal Texans, and joined by families coming to our state from across the country and around the world. We are blessed to have resources that allow us to recruit and support a diverse, world-class faculty and student body.

We have an obligation to support our students, faculty, and staff, and we have an obligation, as a state institution, to make a difference for Texas and Texans. We take these responsibilities very seriously.

Soon, the Provost and I will be hosting a series of conversations to hear about the issues impacting our community.

Each of us contributed to a first century of amazing accomplishments, and together, we will continue to strive for excellence in our next one hundred years and beyond.

Lawrence Schovanec
President, Texas Tech University
