

TEXAS TECH UNIVERSITY

Office of the President™

Dear Red Raiders,

In many ways, 2023 was a record year for Texas Tech University. Our Centennial afforded us an opportunity to share our story in a way that significantly enhanced the stature and brand of the school we love so dearly.

In this [report](#), you will find inspiring stories of our faculty, staff, students and alumni who are making a positive impact through their research, teaching and commitment to service. I encourage you to read it to learn more about how we marked the end of our first century at Texas Tech.

The circumstances for beginning our next 100 years could hardly be better. Thank you for your continued support.

Sincerely,

A handwritten signature in black ink that reads "Lawrence Schovanec".
