

TEXAS TECH UNIVERSITY

Office of the President

MEMORANDUM

DATE: September 27, 2018  
TO: Administrators and Deans  
FROM: Lawrence Schovanec, President  
RE: Vice President for University Advancement

I want to inform you that Paul Herring, Vice President for University Advancement, has accepted a similar role at the University of Missouri – St. Louis. His last day at Texas Tech is October 19.

During this past year, Paul provided critical leadership in the organization of development operations as those functions transitioned from the Texas Tech System to the university. Paul has a dedicated and accomplished record of service to the university and his personal commitment to our donors, administration and colleges will be missed. I appreciate his efforts during his years as a development officer and most recently as vice president. Please join me in congratulating Paul and wishing him the best in his new position.

At this time I have begun the process of contacting potential candidates for this position. I will update as the search process continues.
